

Go daddy DNS.

DO WE UNDERSTAND

THAT SL

IS NOT A

REVERSE

PROXY

① PROBLEM OF BBB install needing a static IP

↳ WHY A PROBLEM

↳ GO DADDY API ✓

↳ BIND DNS

② copy of recording to common folder (resolving)

↳ can we get rid of it

↳ if we mount properly

↳ needs installing SL

Problems

③ Bring machine up on fly

↳ from pool

↳ new machine

↳ can we register using ②

⑤ install SL itself?

④ How will we

bring machine down

↳ will this effect session or copy

↳ how will we set up rate reqs?
